

THE Norwex Purpose IN Action

The Norwex Mission:
*Improving quality of life
 by radically reducing chemicals
 in personal care and cleaning.*

Chemicals in our air, waterways and homes are a problem we all face. But by working together, Norwex believes that we can take powerful action for the good of our planet. Norwex R.A.C.E. stands for Race Against Chemicals in the Environment. R.A.C.E. is designed to help bring awareness to the issue of chemicals in the environment—and how our products and our people are collectively improving quality of life by radically reducing chemicals in the home.

JOIN THE R.A.C.E. NOW! VISIT WWW.NORWEXRACE.COM TODAY!

COMMIT

Whether it's something small or on a grander scale, you can commit to one thing that will make a positive difference.

October 26, 2013, is Commitment Day for activities to start you on your journey to improving quality of life.

Go to www.norwexrace.com to commit now!

DO

Hop on your bike (stationary bikes included!) **September 20 or 21, 2013**, and help Norwex raise money for *Clean Up the World*, a global organization that inspires and empowers communities to clean up, fix up and conserve their environment.

*Bjørn Nicolaisen
 Norwex Chairman*
