

# THE Norwex Purpose IN Action

## *You're Invited to the 1st Annual Let's Ride! event*

As you know, Norwex's Mission is to improve quality of life by radically reducing chemicals in personal care and cleaning. And you've probably heard of our R.A.C.E. program, which stands for Race Against Chemicals in the Environment. The R.A.C.E. program is designed to help everyone all over the world spread the message about the problem of chemicals in our home, lives and our planet.

You're invited to bring your bike to the Norwex U.S. Home Office on Friday, September 20, for our first-ever Let's Ride! event to build awareness and help the Coppell, Texas, community where the Norwex Home Office is located. (But you don't have to ride to make a difference!)
