TIP

Don't pick weeds ex:
clovers & dandelion

how can you help?

1. Plant bee-friendly flowers and flowering herbs in your garden and yard.
2. Don't pick the weeds, especially clover and dandelion.
3. Don't use chemicals or pesticides to treat your lawn or garden.
4. Keep a small container of fresh water outside your home. Bees are thirsty!
5. Buy locally grown, organic food.
